The screenshot shows the Unhost dashboard with a sidebar on the left containing links for Dashboard, Deployments, Analytics, Team, and Settings. The main area is titled 'Recent Deployments' and lists ten recent deployment entries. Each entry includes the app name, status (e.g., building, ready, error), last deployed date, and a three-dot menu icon. A search bar and a 'New Deployment' button are also visible.

Name	Status	Last Deployed	Actions
cache-108	building	26/07/2024, 03:25:23	⋮
web-app-473	building	06/05/2024, 11:15:12	⋮
database-384	building	20/08/2024, 03:54:03	⋮
backend-832	ready	18/05/2024, 01:15:33	⋮
api-service-19	ready	04/08/2024, 11:46:16	⋮
api-service-576	error	10/05/2024, 13:56:44	⋮
api-service-431	error	02/05/2024, 01:22:50	⋮
web-app-689	ready	12/05/2024, 05:37:45	⋮
frontend-436	error	07/08/2024, 17:26:34	⋮
api-service-28	building	19/08/2024, 18:08:58	⋮

Deployments made easy

Deploy with ease, leave complexities to us.

The infographic is divided into several sections:

- One click deploy:** Shows a GitHub icon and an AWS logo with the text "your site is live". Below it, the text "Deploy your app in seconds, with our one click deploy feature."
- Intuitive workflow:** Shows a screenshot of a dashboard with various metrics and charts, including a pie chart for "Revenue Breakdown" and a line graph for "Pain Breakdown". The text states: "With our intuitive workflow, you can easily manage your app without complex steps."
- Hosting over the edge:** Shows a screenshot of a dashboard with a sidebar and various charts. The text states: "With our edge network, we host your website by going into each city by ourselves."
- Running out of copy:** Shows a screenshot of a dashboard with a sidebar and various charts. The text states: "You are running out of copy for your website, we can generate copy for you."

Simple pricing for advanced people
